

The Technology Center of DuPage
Non-Traditional Career Mentoring Program needs mentors
in the following program areas:

Preferably females in:

- Auto CAD/Pre-Architecture/Engineering CAD
- Automotive Technology
- Fire Science
- Landscape Design
- Criminal Justice
- Electronics Engineering
- Manufacturing
- Biomedical Engineering
- Motion Picture/TV
- Construction Management
- Heating, Air Conditioning, & Refrigeration
- Welding

Preferably males in:

- Nursing and CNA
- Early Childcare
- Elementary Education
- Cosmetology
- Office Technology
- Counseling
- Dental Hygiene
- Human Services
- Interior Design
- Library and Information Technology

Being a mentor consists of talking to high school juniors and seniors, answering questions about going to college, getting into a program, courses to take, etc. Mentoring may also include participating in an online web board where students can converse with each other and with program mentors.

Benefits of being a mentor include:

- Personal satisfaction from helping someone with similar career interests.
- Personal and professional growth.
- Working in a student-oriented program that is fun and supportive.
- Becoming a role model.
- Acknowledgement through banquet, gift or other formal means.
- Looks great on a resume too!

If you are interested in being a mentor, please contact me at 630-942-2496 or greeneg@cod.edu.

Thank you,
Alison Greene
Coordinator, Tech Prep and Non-Traditional Careers
