

January 7, 2008

Dear Sophomore Parent,

As a parent, do you realize how powerful you are? Research indicates that parents have much more influence on their child's career development process than any other person. And you thought they weren't listening!

I am delighted that you will be attending the *Careers, Candle Light, and College* event held this month in Bremer Auditorium at Danville Area Community College. The evening will begin at 6:00 p.m. with a candle light dinner. Throughout the evening, I hope that you will gain a better understanding of the career planning process, learn a little more about non-traditional and local careers, and take a look with us into the future.

**You are scheduled to attend *Careers, Candle Light, and College* on Tuesday, January 15, 2008. Enclosed please find two (2) tickets for that event.**

Unfortunately, due to limited seating (and budget), this event is reserved for parents / adults only. Students are not included. Also enclosed is a map of the college with Bremer Auditorium highlighted.

Please call with any questions you might have concerning the event . . . **and** if you find out that you are unable to attend, please contact me immediately so that I may offer the tickets to other sophomore parents.

I look forward to meeting you soon!

Sincerely,

Nancy A. Boesdorfer  
Director, Career & Employment Services
